

### Oral Presentations

Fingerle	Amy	Effect of Population Density on Diel Activity and Growth in Stream-Dwelling Arctic Charr.
Heironimus	Laura	Development and Application of a Larval Pallid Sturgeon Bioenergetics Model.
George	Scott	Differential Impacts of Hurricane Irene on Fish Communities and Trout Populations in a Catskill Mountain River, New York, USA.
May	Cassandra	Larval Habitat Quality As a Determinant of Future Growth and Recruitment.
Hupfeld	Ryan	Paddlefish Population Characteristics of Large Midwestern U.S. Rivers.
East	Jessica	Spatial Variation in Aquatic Food-Web Structure in an Anthropogenically Impacted Arid-Land River.
Coulter	Allison	Hybridization in Bigheaded Carps and Its Impact on Their Invasion Success.
Schloesser	Ryan	Condition Dynamics of Juvenile Fishes throughout Virginia Estuaries.
Gervasi	Carissa	Disease-Associated Effects on Reproductive Output of Chesapeake Bay Striped Bass.
Klein	Zach	Sampling Techniques for Burbot in the Green River of Wyoming.
Ng	Elizabeth	Estimation of Gill-Net Selectivity for Lake Trout and Application to Demographic Parameter Estimates.
Culver	Edward	Shocking Results: Assessing the Injury Rates of Fishes from Pulsed-DC Electrofishing.
Bliss	Shireen	Movement and Assemblage Structure of Small Stream Fish in an Urban Environment: How Interconnected Are Streams and Stormwater Drains?.
Lynch	Abigail	Climate Change Projections for Lake Whitefish ( <i>Coregonus clupeaformis</i> ) Recruitment in the 1836 Treaty Waters of Lakes Huron, Michigan, and Superior.
Larranaga	Nicolas	Shelter Availability Affects the Size-Dependent Diel Activity of Arctic Charr <i>Salvelinus Alpinus</i> .
Koehn	Laura	Assessing Trade-Offs Between Forage Fish Fisheries and Ecosystem Services in the California Current Ecosystem.
Webber	Darcy	Bayesian Inference of Computationally Expensive Fisheries Models.
Eddy	Corey	Capture-Related Mortality and Post-Release Survival of Pelagic Sharks Interacting with Tuna Purse Seines in the Eastern Pacific Ocean.
Ellis	Timothy	Relative Importance of Fishing and Natural Mortality of Spotted Seatrout at Northern Latitudinal Limits.
Farmer	Troy	Short, Warm Winters Negatively Affect Yellow Perch <i>Perca Flavescens</i> Reproduction and Recruitment.

### Poster Presentations

O'Leary	Cecilia	Modelled Population Level Effects of Ocean Acidification on Two Bivalve Species Using Inverse Demographic Methods.
Schake	Craig	Gape : Body Size Relationship in Smallmouth Bass.
Ridgway	Josey	Larval Fish Assemblages Express the Potential Effects of River Regulation.
Breeggemann	Jason	Introgression of the Florida Largemouth Bass Genome into Private Northern Largemouth Bass Populations in Mississippi and Texas.
Stewart-Malone	Alecia	The Effect of UV-C on Larval Survival of the Quagga Mussel.
Siddiqui	Samreen	Copper Oxide Nanoparticles Are More Toxic Than Dissolved Copper to the Sea Anemone, <i>Aiptasia Pallida</i> .
