

Demographic Diversity in Natural Resource Science Professions *Towards an inclusive Scientific Democracy*

Request for Poster Presentations

139th Annual American Fisheries Society Conference

When: Week of Aug30th – Sept 3rd

Location: Nashville, TN

Sponsored by: Equal Opportunity Section (EOS) of the American Fisheries Society and the University of Maryland Eastern Shore (UMES)

Symposium Description: The goal of the symposium is to address some of the academic and occupational realities pertaining to historically underrepresented populations in fisheries and natural resource science professions. We welcome papers to highlight the successes and challenges of programs or initiatives by various agencies, industries and academic institutions to increase diversity in these sciences.

Abstract Deadline: March 6th 2009 at <http://www.fisheries.org/afs09/>

For more information or for abstract submission, contact:

Larry A. Alade, Ph.D.
